PREMIUM HDMI CABLES

TOP QUALITY MATERIALS AND GREAT PERFORMANCE

Wilson offers only the best quality, oxygen free copper HDMI and speaker cables, from recognized suppliers. Both, the insulation materials used and the construction of each cable meet the highest industry and quality standards.

We have taken care to ensure optimum performance functions as well as best-selling lengths and packaging forms.

NEWEST 8K SPECIFICATION

The Wilson HDMI Premium line is a high quality connection cable for transmitting the highest quality 8K video from devices such as a game console, computer or media player.

STRONG SHIELDED INSULATION

The strong and durable PVC jacket, with additional shielding, protects the transmitted signal from external interference, for stability and minimizing quality loss.

GOLD PLATED FOR SOUND QUALITY

The plugs are plated with 24 karat gold and their precise design and high quality assembly ensure a stable mechanical connection regardless of the angle at which they are connected to the devices.
