## GREAT AND AFFORDABLE 5.0 HOME THEATER SOLUTION

Viper 5.0 set is dedicated primarily to multichannel systems and home cinema enthusiasts who require great sound. It will dramatically increase the quality of your favorite movies.

### FLOOR STANDING SPEAKERS TO MEET AUDIOPHILES' NEEDS

However, Viper will also satisfy sublime needs of traditional stereo enthusiasts thanks to the set of very high quality front floorstanders.

### INTERESTING CABINET OUTFIT

The cabinet trim is based on vinyl veneers with distinctive, delicate imprints, imitating the wood texture. The set is available in black with contrasting silver front that imitates color and finish of the aluminum surface. This adds an interesting, industrial character to the speakers.

### INTRIGUING DETAILS OF THE FRONT OF THE SPEAKER

Specially selected speaker membranes are made with slightly different shade of silver, with satin surface and the front of the tweeter plate marked with Wilson logo and technology description adds to the speaker's character.

### BACK FIRING BASS REFLEX PORT

The cabinet incorporates Bass Reflex port - a characteristic element placed on the back wall in this case.
